Figure 1 is a scatter plot illustrating the relationship between the number of children in the household (X-axis) and the number of children in the neighborhood (Y-axis). The X-axis ranges from 0 to 10, and the Y-axis ranges from 0 to 10. There are 15 data points plotted as small squares. A positive linear trend is evident, with a regression line drawn through the points. The correlation coefficient is noted as  $r = 0.72$ .
